Support/Funding	Overview
Employment Wage Support Scheme	<ul style="list-style-type: none"> The Employment Wage Support Scheme (EWSS) is an enterprise support that will give a subsidy to qualifying employers on the basis of the numbers of paid employees. The EWSS will be in place until 31 March 2021 and will replace the Temporary Wage Subsidy Scheme from the 1 September 2020. Both schemes will run in parallel from 31 July until the TWSS ceases at the end of August. From 31 July, any employers who have not previously availed of the TWSS are only eligible to apply for the EWSS. Employers whose turnover has fallen 30% from 2019 figures will receive a flat-rate subsidy of up to €203 per week per employee, including for seasonal staff and new employees. To provide additional flexibility in circumstances where employees were not previously eligible to be paid via TWSS, for example in the case of new hires and certain seasonal workers, employers who have already availed of the TWSS may make an additional claim for non-TWSS employees in the EWSS from 31 July and, if applicable, some claims may be backdated for employees who have been paid from 1 July 2020.
Additional Details	<ul style="list-style-type: none"> The primary qualifying criteria is that the employer must be able to demonstrate that they are operating at no more than 70% turnover from July to December 2020 compared with the same period in 2019. The level of subsidy the employer will receive is as follows: <ul style="list-style-type: none"> For every employee paid more than €203 gross per week, the level of subsidy is €203 per week For every employee paid between €151.50 and €202.99 gross per week, the subsidy is €151.50 per week A nil subsidy is payable for employees paid less than €151.50 or more than €1,462 gross per week. A 0.5% rate of employers PRSI will continue to apply for employments that are eligible for the subsidy. Based on the minimum wage of €10.10, the above rates will require at least 15 hours of paid work per employee per week.

How to access support	<ul style="list-style-type: none"> The scheme will be administered by Revenue and continue to operate on a “self-assessment” basis with employers making declarations as to their eligibility. Payments will be made in line with the employers regular payroll systems. The EWSS will re-establish the normal requirement to operate PAYE on all employee salaries providing for the regular deduction and remittance of income tax, USC and employee PRSI. The position in relation to the EWSS does not affect any legal obligations that the employer may have to their employee as regards any terms, conditions, or entitlements of their employment, including pay. The legislation contains a number of safeguards to minimise abuse and specifies excluded employees (such as proprietary directors). A list of employers who availed of the EWSS will be published. <p>Further details will be posted on Revenue.ie as information becomes available.</p>

Support/Funding	Overview
Tax Considerations	<p><u>Income Tax Relief</u></p> <ul style="list-style-type: none"> A change will be made to provide for a new once-off income tax relief for self-employed individuals carrying on a trade or profession who were profitable in 2019 but, as a result of the Covid-19 pandemic, incur losses in 2020. These provisions will allow such individuals to claim to have those losses (and certain unused capital allowances) up to a maximum amount of €25,000 carried back and deducted from their profits for the tax year 2019. This will reduce the amount of income tax payable in respect of those profits. The provisions will also allow for claims for the relief to be made on an interim basis to give a cash flow boost to those taxpayers during 2020. <p><u>Corporation Tax</u></p> <ul style="list-style-type: none"> As above, businesses who pay corporation tax that were profitable in 2019 but incurred a loss due to the Covid-19 pandemic in 2020 will be able to claim a refund of tax paid of some or all of corporation tax paid.

	<p><u>Tax Warehousing</u></p> <ul style="list-style-type: none"> • The Government will also pass legislation to confirm the previously announced warehousing of tax liabilities. • This will allow for businesses affected by Covid-19 to delay payment of their PAYE and VAT debts in part or in full for a set period with no interest or penalties.
How to Apply	Further details will be provided by Revenue shortly and pending the passing of required legislation.
